National Level Rules Review

Race Walk Judges and Race Walking Officials

2009-2012 Olympiad Edition

Instructions: The following review questions are divided into True and False and Multiple Choice. The rule statements have been taken from *USA Track & Field 2008 Competition Rules*. The statements are not quoted identically from the *USA Track & Field 2008 Competition Rules* and are in a random order. Please **PRINT** your answers on the **ANSWER SHEET** provided and return it to your Association Certification Chair for his/her review.

Purpose: This is not an exam. Rather, our goal is that every certified Race Walk official be familiar with the *current* content and location of the rules applied to USATF Race Walk competitions. This review, a part of the Committee's three-step training program (clinic, formal rules review and supervised practice), emphasizes those rules, which are basic to USA Track & Field competitions. Effective competition officials do not rely on memory alone in making decisions, when in doubt they look it up.

Note: This is a **2009-2012 Olympiad Rules Review** and requires the **USA Track & Field 2008 Competition Rulebook** to complete. An online copy of the rulebook is available at www.USATF.org under Officials or from www.usatfofficials.com under Rules.
